Entry Limitations

Only horses, ponies, donkeys, and mules who were registered with the 4-H office by June 1 may be exhibited in this show.

*Youth may only participate in pre-registered classes. NO additional entries accepted. Entries with health papers are due to the 4-H office by July 15th.

General Rules:

1. A horse or pony may enter a specific numbered class only once.
2. An exhibitor may have only one entry per class except in conformation classes where two entries are allowed. Second entry must be shown by person of 4-H age.
3. Showmanship at halter is an optional class.
4. In classes that have fewer than three entries, the contestants will be moved to another section of a similar class if available. However, for example, Horse foals will be shown even if there is only one entry, because there is no other place to show them.
5. Any display of unsportsmanlike behavior on the part of the spectators, parents, or exhibitors will cause the offender to be excused from the area. There is to be no coaching from **anyone** on the sidelines.
6. Donkeys and mules may be entered in all appropriate performance classes. If there are sufficient numbers the classes will be split.
7. Ponies may only enter designated pony classes plus trail, showmanship at halter, egg and spoon, and costume. If ponies do not have an official measurement on file with the 4-H office, they will be measured at the Wyoming County Fair Monday morning to verify height. This measurement will be the basis for determining class. If 5 or less ponies register for 4-H participation, the classes will be scratch and youth will be moved to their respective junior or senior division.
8. If you participate in the walk-trot, walk-jog classes, or novices classes you are limited to fitting and showing, trail, driving and costume.
9. Walk-trot and walk-jog classes are limited to first or second year riders, ages 12 and under. (Evaluation Discretion)
10. If an exhibitor rides in the Junior or Senior Division at the Qualifying Show, they cannot ride walk-trot or novice at the fair.
11. A rider must choose to ride either in the pony, junior or senior division.
12. A rider may only ride one equine per division.
13. All classes are subject to change due to conditions.
14. In pairs class, at least one rider must be formally entered.
15. Classes will be split if there are over 20 riders.
16. All costume class entries must be to the entry booth by 10am Tuesday of the Western show.
17. Horse and rider combinations will be screened for entry in Huntseat over fences classes. Screening will be by the judge during warm-ups on show day.
18. If a rider receives a high point trophy in the walk/trot or novice class the previous year, they must move up to the next class level the following 4-H year.
19. **N.Y.S. 4-H Horse Show rules will be used unless indicated otherwise in the Fair book.**

County Horse Certification Rules

1. Project horses must be certified by June 1st in the 4-H office.
2. If several children in a family have the same horse certified in their names, they can all use the horse, but in different performance classes. For example, John rides the horse in Western Pleasure, Sue rides it in Western Equitation (NO on John riding Junior Western Pleasure and Sue riding in Senior Western Pleasure).
3. If you lease a horse, the leased horse **MUST** be used in all riding classes that you participate in.
4. If a 4-H'er owns a horse and certifies it, another youth from the community could lease that horse (if they don't own one.) Both 4-H'ers could ride the horse, but it has to be in different show divisions. For example, Joe rides the horse in Gymkhana, Sam rides it in the Western Division.
5. First and second year riders, aged 12 and under, can ride in Walk-Trot, Walk-Jog class. They can use any certified horse (certified by themselves or any other 4-H'er) in any walk-trot, walk-jog class. Novice riders may also use any certified horse.
6. One certificate is required for each individual horse and rider combination. (these certificates stay on file at the 4-H office, and only need to be completed once, not every year.)

AREA: FOODS

General Guidelines:

- **One entry allowed per class, unless otherwise stated.**
- **An exhibit is: 3 samples of small items (cookies, muffins, cupcakes, rolls, breadsticks, pretzels, or similar products); ½ of large item (loaf bread (standard loaf - not mini), cake, coffee cake, or similar product); whole item if needed to convey appearance of product (pie, animal shaped breads or similar product).**
- For all baked food classes, exhibitors are encouraged to select recipes with a lower sugar and/or fat content.
- **Packaged mixes may not be used as the predominate part of the recipe except for refrigerated desserts.**
- Yeast breads and rolls may be brushed with butter, milk, or egg before or after baking, if what is done is stated on the recipe card.
- **Do not enter rolls or muffins baked in paper baking cups.**
- Remove all items from baking pans (except pies and refrigerated desserts in disposable pans) and exhibit on sturdy paper plates or foil-wrapped cardboard.
- Cool baked goods thoroughly before wrapping.
- **Each food entry must be accompanied by recipe typed or written in ink on 3" x 5" cards. List ingredients first; give complete recipe. Card must be covered with plastic and enclosed with exhibit.**
- **Exhibit and recipe must be enclosed in clear plastic resealable bag, which is to be SEALED. Double entry cards to be stapled or pinned securely to package.**
- Our goal is to encourage the mastery of skills. Fewer ingredients generally mean a simpler recipe. The more experienced 4-H member is encouraged to exhibit a more difficult recipe. Exhibitors are encouraged not to exhibit in the same class year after year. This is to demonstrate mastering new skills.
